

2024 Preventive Medication List for Consumer Driven Health Plans Expanded List

This is a list of **Preventive Medications** that may be covered under your plan. If your plan covers these Preventive Medications, your insurance benefit is applied before you meet your deductible.

This list of drugs includes majority of the medications within the covered therapeutic class. Some of these medications might be excluded from benefit coverage. To find out if a drug is covered or if utilization management programs, such as Prior Authorization - Notification, Prior Authorization - Medical Necessity and/or Step Therapy (referred to as First Start in New Jersey) programs apply, please check your plan benefits on the health plan's member website or call the toll-free phone number on your member ID card. This list may not be all-inclusive. Brand and generic drugs may not always be available due to market changes.

CDH preventive drug lists may also be used with non-CDH plans
